

How to give your software protected with eLicenser to a friend

1 Get an USB-eLicenser

This will help you to transfer easily your eLicenser license. Go [here](#) in the accessories section. If you encounter trouble, contact sales-inquiry@arturia.com.

2 Transfer your licenses on the USB dongle

You can transfer the license onto by a simple drag-and-drop in the eLicenser Control Center. This little video show the simple process [here](#) (around 2:44).

3 Deregister your product

Contact the support registration-inquiry@arturia.com, give the serial number and unlock code. Ask them to deregister the product explaining why.

4 Prepare a nice package for your friend

Don't forget to give everything to your friend :

- The USB-eLicenser
- The manual
- The serial and the unlock codes

5 Be nice with the support

Please we let you give your licenses instead of doing like other companies do. So **help us by explaining the registration and activation process to your friend, the guide is [here](#).**
THANKS!
